COVID-19 update

On Tuesday the state government announced its Safe Return to School Plan, outlining various measures being implemented for the start of the new school year within the context of the opening of state borders being delayed.

The SSTUWA has been actively working with the department to address various issues and will continue to do so. The full plan, the government's media statement and the SSTUWA's recent media statements can all be found [here](#).

While many aspects of the plan are welcomed, there are crucial matters to be addressed, such as allowing unvaccinated volunteers on school premises for one day per week, support for teacher shortages and the management of students who show symptoms during the school day.

The union will continue to lobby for improvements to the plan. The SSTUWA is also seeking information on the situation regarding TAFEs.

Directives reminder

Executive directives in relation to 2021 EBA Negotiations that were issued by the SSTUWA on 9 December 2021 will, as things stand, come into effect on 31 January 2022 because no offer has been received from the employer.

The directives are:

Start date: 31 January 2022

- No member is to participate in any performance management or performance review processes/meetings. This includes the Principal Professional Review process (PPR).

(This refers to performance management only, it does not include sub-standard performance processes.)

- Members are not to attend any (whole or part of) staff meetings held:
 - In accordance with clause 9.3 of the General Agreement 2019 (ie the five hours per term).
 - Outside instructional hours (before/after school; during lunch or recess; for school leaders this includes regional, cluster and network meetings).
 - During DOTT time.

This does NOT include meetings called to manage the Education Health Order (Webex, Teams, etc).

- School leaders are not to complete the School Resourcing System (SRS) monthly budget check.

If you are a member at a workplace with a formed branch, your union representative will be in touch regarding a meeting to discuss implementation of these directives. It is essential that all members attend these meetings and apply the Executive directives.

If you are a member at a workplace with no delegates, please email campaigns@sstuwa.org.au for assistance.

AEU welcomes Labor funding pledge

The Australian Education Union has warmly welcomed Federal Labor's commitments to invest in education during the COVID-19 recovery, with new targeted funding for public schools. You can read the AEU's full response [here](#).
