Support the Jarman Unity Team for

Leadership + Unity

VOTE 1

Mary Franklyn
(General Secretary)

General Secretary since 2015. In that time, Mary has overseen

- membership growth through targeted recruitment in schools and TAFE
- improved communications: Western Teacher, SSTU App, campaign resources, online forums and member networks
- a significant increase in member training opportunities for leadership growth
- improved internal operations and systems to better deliver services to members in schools and TAFE

VOTE 1

Sharmila Nagar
(Vice President)

Current AEU/SSTUWA Vice President

- Secondary teacher with over 20 years' experience in public education
- SSTUWA representative for Australian Teacher Workforce Development project focusing on teacher supply
- a strong advocate for reducing workload, climate action strategies for schools and TAFE, and a return to system wide provision of curriculum and associated professional learning

Dear TAFE Colleges

I write to seek your support in the current election for Senior officers and Executive of the AEU/SSTUWA. Ballots will arrive from 16th November at your home address and must be returned by 26 December.

Mary Franklin is currently the AEU/SSTUWA General Secretary and has held that position for 7 years. I am a lecturer at SA college of TAFE and a member of the AEU/SSTUWA Executive Committee and the long-serving team which recently secured a new agreement for TAFE lecturers.

Our work ensures that we are both up to date with the current issues concerning TAFE.

TAFE is a vital public education institution which is critically important to Western Australia industry and the broader community. The job we do as TAFE lecturers ensures the provision of skills and training for thousands of workers across the state.

We have always understood TAFE to be about providing industry training, further education, second chance education, re-training options for those re-entering the workforce, education pathways for migrants and English as a second language, as well as for students seeking alternative year 11/12 school programs.

This view of TAFE has been under severe attack through funding cuts as state and federal government attempt to shirk their responsibilities for the provision of a quality TAFE system, despite the demands for increased industry skills.

Our union must continue to drive the broader TAFE funding campaign to stop further erosion of state and federal funding.

TAFE members need a senior officer team with a General Secretary who will provide leadership and support to:

- build union membership through a properly resourced TAFE recruitment plan
- build union strength through campus level collective actions
- campaign statewide on the key TAFE issues in all TAFE colleges:
 - workload
 - accountability, IT and auditing requirements
 - mismanagement of behaviour and practices which breach WPS legislation
 - increased organisational bullying as compliance requirements become stricter

We are seeking your support in the forthcoming elections for AEU/SSTUWA Senior Officers and Executive. Please take the time to vote and ensure that Mary Franklin and Jan Lau are able to continue their work in a united team.

Jan Lau

Jan Lau, SM TAFE
AEU/SSTUWA Executive Committee member,
SSTUWA TAFE Committee member.
